

## IGP-DURA<sup>®</sup>*xal* – deep-matt surfaces for high-quality architectural and design applications

The elegant IGP-DURA<sup>®</sup>*xal* reproduces the velvet finish of a matt metal. The stylish finish is characterised by its outstanding resistance to light and weathering, and is suitable for both interior and exterior application.

### Unrivalled surface effect and range of design options

- Deep-matt, velvety finish quality, free from sheen
- Excellent coating characteristics
- Wide range of colors and effects
- Appearance of anodised finishes on steel, aluminium, aluminium castings and alloys

### Safety and application

- Simple and safe application
- Reproducible, homogeneous finish
- High recycling stability (IGP premium bonding)

### Environment

- No toxic ingredients
- Recyclable
- Environmentally friendly production in powder coating quality

### Economy

- Long-lasting finish quality
- Problem-free facade cleaning
- Maximum utilisation of materials

## Two product qualities with perfect results

### IGP-DURA<sup>®</sup>*xal* 4201

- Highly weather-resistant quality
- Excellent color fastness and gloss stability
- Approved for highly weather-resistant systems (Qualicoat Class 2, number P-0864)
- Long warranty periods
- Effect and plain colors in the highly weather-resistant color spectrum

### IGP-DURA<sup>®</sup>*xal* 4601

- Weather-resistant quality
- Above-average chemical resistance
- Extended color range in effect and plain colors with numerous additional RAL, NCS and special colors

Product tested and approved for the quality trade-mark
